Search Query: I'm looking for an anchor handling support vessel near Abu Dhabi with at least 80T bollard pull

Found 10 vessels
Results are available in the Artifacts panel.

I found 10 anchor-handling/support vessels near Abu Dhabi with at least 80 t bollard pull. How I searched: I looked for tug/support vessel types with bollard pull ≥ 80 t inside a generous Abu Dhabi-area bounding box. Would you like to filter further (specific flag, DP class, verified-only) or view the results?
